Enter Title

Please Select an Article Type

Choose the article type of your manuscript from the pull-down menu.

NB: [Fast-Track Articles]

- **Eligible manuscripts:** manuscripts asked for revision or rejected after revision by a high-impact journal (top 20% in a JCR Subject category).
- **Submission process:** authors must provide a copy of reviewer's and editor's comments from the journal to which the manuscripts had been submitted; use the online submission system to submit the review along with the rest of the manuscript files.
- **Review process:** the manuscript will be reviewed by members of the editorial board only, and the decision will be made within one week.
- **Publication schedule:** the manuscript will be published within one month of acceptance.

Submitting an Abstract is Required for Submission.

Enter the abstract of your manuscript into the text box below. The abstract may be cut and pasted from a word processing program; however, the formatting will be lost.

Limit 250 words Word Count: 66

The early landmark discoveries in cancer metabolism research have uncovered metabolic processes that support rapid proliferation, such as aerobic glycolysis (Warburg effect), glutaminolysis, and increased nucleotide iosynthesis. However, there are limitations to the effectiveness of specifically targeting the metabolic processes which support rapid proliferation. First, as other normal proliferative tissues also share similar metabolic features, they may also be affected by such treatments. Secondly, targeting proliferative

PLEASE NOTE:

PLEASE NOTE: Your submission has not yet been sent to the editorial office.

Your submission is being created. Editorial Manager is taking the files you submitted and creating a PDF.

Please go to the *Submissions Waiting for Author's Approval* page, where a link to the PDF will appear after it has been built. You must view the PDF and approve your submission. Please read the instructions below.

On the *Submissions Waiting for Author's Approval* page, you can View your PDF, Edit the Submission, Approve the Submission, or Remove the Submission. Once you have Approved the Submission, the PDF will be sent to the editorial office.

If you have designated a different Corresponding Author on the Add/Edit/Remove Author step, then this paper will not be available on your Submissions Waiting for Author's Approval page. The new Corresponding Author will have access to the PDF and must login to the system to approve the PDF before the submission can be sent to the editorial office.

Please do not click the Back button
